DECOTRON® ACW 115

Water-based cleaning fluid determined for cleaning of dust particles and grease from aluminium parts

Ready-mix, intended for direct use. Intended for use in all types of stainless steel cleaning machines, mainly in the high pressure spray-in-air.

Product information
• recommended for use in systems with closed cleaning processes and mechanical filtration
• the fluid is acidic, rinse with Di-water needed
• thanks to special composition it eliminates surface oxidation of most types of aluminium alloys
• designed for special applications into clean room environment
• environment-friendly - biodegradable
• tenside-free, no solid residues on the surface being cleaned
• no flash point, can be heated to increase the cleaning efficiency

Table of physical and chemical properties
Product appearance: clear fluid
Odour, aroma: none
pH value: 2-3
VOC content: 5%
Recommended process temperature: 20-35°C
Flash point: non-flammable
Flammability point: non-flammable
Density at 20°C: 0,98 kg/l
Number of stages: 1

Date of issue: 30 August, 2016
Detailed information can be found in the Safety Data Sheet of DECOTRON® ACW 115

DECOTRON® is a registration trademark of DCT Czech s.r.o.
**Packing**
25 litres can

**Transport**
Product is not hazardous for transport.

**Handling**
It is necessary to stir well the can before use.

**Storage**
Should be stored in closed containers, in ventilated areas at the temperature from 5 to 25°C.

**Best before**
The maximum usable life for this product is 60 months from the production date.

**Notification**
The fluid becomes yellow-to-brown as a result of a change in temperature or under the influence of light and air. This is a common phenomenon and not a flaw and in no way changes the properties of the product.
